

**Body Paint Release Form:**

Name: \_\_\_\_\_ Date: \_\_\_\_\_

By signing below, I 'named above' consent to my face or body being painted by the artist in this booth. As far as I know, I do NOT have an allergy to any kind of paint, whether FDA approved or not. If unsure I will test a dab of paint on my skin 10 minutes before getting painted to make sure. Regardless, I will not hold responsible the painter, the artist, the venue, or the individual painting me for any allergic reaction, harm, or adverse effect from being face or body painted. I am aware, that while all paints used are considered 'non toxic' – a small percentage of the population has been known to have an allergic reaction or adverse effect to ALL makeups, paints, body paints, colorings, herbs, henna, and/or dyes. I am aware there is a variety of paints that artists use – and that no paint is 100% safe.

I trust any of the paints/fixatives if used below regardless of FDA approval as a skin paint.

I only trust use of the following, see check marks below:

Professional Bodypaints:  Ben Nye  Kryolan  Mehron  Snazaroo

Wolfe Face Art & FX  Diamond FX  Grimas  Fardel

OR  only FDA approved skin paints, dyes, fixatives.

Home-made or Herbal Based: (not FDA approved)  Henna  Herbal or Clay Based

Skin Cream based mixed with Food Coloring (home-made body paint)

or  I trust home-made or herbal based coloring even though not FDA approved.

Other Dye, Makeup, or Paints Base: (not FDA approved) –

Tempura or Water-Color based Paints  Acrylic (non-toxic) Craft Paint

Halloween Cream Makeup  Eyeliner  Regular Makeup  Food Coloring.

OR  I Trust all of the above options: Artist may use what s/he chooses above to create this art.
